The company is furthermore qualified for the independent execution of post-tensioning works as a PT Specialist Company in the territory of:

Australia

The certification is valid until 31st March 2019.

For full information on all BBR post-tensioning and stay cable systems, as well as all certified PT Specialist Companies of the Global BBR Network of Experts, please visit the BBR website or contact BBR VT International Ltd. Please see reverse for further information.

The key personnel of the PT Specialist Company are continuously trained in the usage of the respective advanced post-tensioning and stay cable system applications, and are qualified for post-tensioning works. The PT Specialist Company is responsible for compliance with all regulations set out in the relevant instructions of BBR VT International Ltd and the respective European Technical Approvals and Assessments (ETAs). They are also responsible for compliance with the respective standards and regulations in force at the place of use, as well as ensuring the professional execution of the post-tensioning works – including logistics, supply, full assembly and installation service, quality assurance and the endorsement of all safety-at-work and health protection regulations.

This certification is issued after successful qualification and audit of the PT Specialist Company for the independent execution of post-tensioning works in the named territory.
